Explanation of Estimate:

The proposed legislation would have the Director of Motor Vehicles designate an implementation date on or before January 1, 2020 on which additional information would be required when registering and/or titling a motorboat, motor vehicle and trailer. The additional information that would be required include the owners full legal name (first, middle and last with no initials), the owners motor vehicle operator's license number, state identification card number, or tax identification number as well as one or more owner's identification elements such as date of birth, social security number, mailing address, gender, race or ethnicity, and physical description.

While this will likely necessitate changes in forms, those that the Game and Parks Commission share in (i.e. motorboat registrations) would likely need reprinting by the time the bill is implemented, thus no fiscal impact is anticipated.
